Hello, Everyone,  
My name is Rahel Gizaw. I preferred to be called Richo. I am originally from Ethiopia, but I am a naturalized US citizen. In 2015, I graduated from Roosevelt Stay High School here in Washington, DC. I attend UDC in 2016 for a Computer Science Bachelor's Degree program. I speak three different languages. I am always following positive ways and working hard to be a better person. Happiness is my goal. Finally, I will be a Software Engineer. I am so happy for being with you all. I am passionate about meeting new people; I love all aspects of it. Thank you so much!!
